Formerly the world's largest coal mine, Zollverein is also known as "the most beautiful coal mine". designed in New Sobriety style, it is regarded as one of the most impressive monuments of the industrial age and is now a centre of the Ruhr metropolis's creative industry.
- **The concept:** With an open exhibition space art and communication will be the focus; communication barriers between participants and visitors are disappearing.
- **The participants:** with a choice of exhibitors that make perceptible blend of innovation and quality within their conception.
- **The support:** with high quality – and the option of individual and uniting all interested galleries of contemporary art, renowned art projects and institutions as well as young artists selected by a jury.

II. The Conception

In an open space exhibition situation galleries present their program. Instead of the usual art fair scenario we want to create in general an aesthetic atmosphere, which shall put the peculiarity and the special offer of your gallery into focus, bound into an exclusive overall-view. We offer a modular exhibition-system especially created for galleries' presentation. In order to ensure a sort of puristic and minimalist exhibition-aesthetic, we exclude, unless otherwise agreed, all other exhibition and fair-furnishings.

In the field of the innovative art fair we offer various exhibition areas:

Hall 2: special exhibition (500 sqm)

Hall 5: exhibition hall for galleries; special areas (1000 sqm)

Hall 6: exhibition hall für galleries, special areas (300 sqm)
